The items below were discussed during this meeting of the committee.

1. **State Updates:** Mike George gave review of the EPA Stormwater video broadcast. Attendance was poor as well as the quality of the broadcast. The training manual provides good information that can be followed without a formal presentation.
2. **No updates from the counties**
3. **Paul Taylor-StormCon Presentation-** 5 basic elements that are required to be included in a stormwater pollution prevention plan. Presentation lasted approximately 30 minutes.
4. **BMP Subcommittee report-**revisions and a letter to be sent to APWA requesting addition of BMP specs to be added to their web site.
5. **Upcoming Training-**September 14-16 is the annual Non-Point Source conference at Ruby's Inn in Southern Utah. November 4-5 is the annual Flood Plain conference in Washington, Utah (close to St. George).
6. Mike George and Tom Rushing were requested to prepare a checklist regarding state requirements concerning ordinances.
7. **New Items-**an alternate room for meetings needs to be reserved asap

**Next SWAC meeting will be Tuesday, October 12, 2004, Room 114, Cannon Health Building, 288 North 1460 West, Salt Lake City. Telephone call in # is (801) 538-9012  
This will be the last meeting in this room**
